Mohn Lab - Principal Investigator
William W. Mohn
Professor
B.A., Biology, Colgate University (1983); Ph.D., Microbiology, Michigan State University (1990); Research Associate (1993-8), Associate Professor (since 1998), Department of Microbiology & Immunology, University of British Columbia
Email: wmohn[dot]interchange.ubc.ca
Office Telephone: 604-822-4285
Fax: 604-822-6041
Address:
Room 4501
2350 Health Sciences Mall
Life Sciences Centre
Vancouver, BC
Canada
V6T 1Z3

Research Interests
The Mohn lab studies diverse topics in microbial ecology. We are elucidating bacterial degradation mechanisms for a range ... The work is also relevant to sustainable management of forests and understanding microbial mediation of global change.
